# Study in New Brunswick

Providing a **Passport to a Brighter Future!**

**NBISP**  
New Brunswick International Student Program

## New Brunswick – Safe, Fresh and Friendly

We're the largest of Canada's East Coast provinces, but small enough to offer the best of all possible worlds. We have fresh air and magnificent wilderness landscapes. Our communities are safe and our people are open and accepting. Our seasons offer a rich panorama of color and change with outdoor and indoor activities to satisfy every interest.

Our ethnic diversity reflects the best of Acadian, Gaelic, Chinese, African and other cultures to create a colorful tapestry of world community.

## Why New Brunswick?

We have the best high school graduation rate in Canada - a hefty 86% - and every one of our schools has broadband Internet. Being the country's only province with bilingualism built right into the Canadian Constitution, we've built a dynamic world-class reputation for language learning. Our cost of living is lower than most of Canada, and tuition fees are competitive without sacrificing quality of education.

With a solid foundation in building global relationships, New Brunswick's International Student Program attracts students from ages 12 and 18 from all points of the globe with an impressive variety of programs backed by a technologically advanced English school system. Visiting students immerse themselves in meaningful language and cultural experiences that reflect the diversity and open-mindedness of Canadian life.

## Our Learning Experience Offers Choice and Relevance

Students in New Brunswick pick from a well-rounded spectrum of academic and real world learning experiences that include music and literary festivals, drama production, classroom surround sound, intramural sports and varsity programs, cultural fairs, French language exposure, science exhibitions, math competitions, interactive whiteboard technology, advanced placement courses, personal enrichment workshops, guidance support for Canadian university and college placements, and much more.

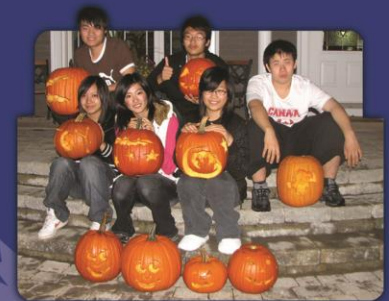

For us, learning isn't just informative, it's personal and it's fun.

## Live Your Learning Experience!

New Brunswick opens its arms and brings students into its families with the Homestay Program. Host families from around the province welcome students from abroad into their homes – not as foreign students, but as members of their families – and surround them with a safe, caring and supportive environment to deepen their cultural experience.

Trained Homestay coordinators carefully screen host families to ensure a perfect fit in homes where students will engage in family activities and grow lifetime relationships. The coordinators will always be on-hand with support to both students and the families, and take an active role in the students' academic and social lives.

## We Are Atlantic Education International

Atlantic Education International Inc (AEI) was created in 1997 by the province of New Brunswick to deliver real education opportunities to the world community through the province's Department of Education.

With a rich offering of one week, full semester and year long programs, AEI has given over 1500 students from around the world a chance to sharpen their cultural sensitivity and heighten their awareness and sense of belonging in the global community.

We're  
**New Brunswick**  
and we  
**welcome**  
**you.**
